

The Simple Face Mask serves as a barrier and is intended to be worn for a single-use. Our innovative single-ply, no-sew design means this mask is produced with zero human touch. This lightweight mask is great to wear in the summer or during physical activity. It is a single-ply face mask that is comfortable and breathable, ideal for everyday wear. A one-size-fits-most design with raw edges, two ear holes and a contoured shape makes the mask versatile for many different face sizes and shapes.

**Center for Disease Control (CDC) Advisory**

CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies) especially in areas of significant community-based transmission. CDC says face covers should be routinely washed depending on the frequency of use, and that machine washing should suffice in properly cleaning a face cover.

These masks are not medical grade and are not to take the place of the N95 masks. They are not suitable for use in a surgical setting or where there would be significant exposure to liquid, bodily or other hazardous fluids, use in a clinical setting, or use in the presence of a high-intensity heat source or flammable gas.
